## PROFILE INFO

I'm a highly motivated and inspired web developer looking for employment in front-end web development and web design. I have experience developing WordPress sites and interactive web applications and I am constantly adding to my skills. My goal is to join a team where I can acquire the necessary skills to become a seasoned full-stack web developer and someday work in a F.A.N.G. organization!

## EXPERIENCE

### WEB DEVELOPER

#### LOCALSEARCHMASTERS | 2021 - 2023

- Developed and maintained WordPress sites for a wide variety of clients.
- Consistently looked for ways to improve site functionality to enhance UI / UX while also maintaining a mobile-first approach throughout the process.
- Implemented SEO best practices to improve search rankings.
- Built a strong work ethic through accountability and discipline and fostered teamwork by embracing collaboration and effective communication skills.

### SELF-TAUGHT

- Continuously learning and building various kinds of web applications to sharpen old skills while picking up new ones along the way.
- Designing and wireframing sites to culture creativity.
