Daniel (Connor) Wilson

dev.danielcw@gmail.com / 615-796-4896 / Robert Rose Dr., Murfreesboro, TN

Summary

Highly motivated and inspired developer who is looking for gainful employment in the area of mobile app development or web development. While mostly self-taught, I have experience dealing with basic web development principles and am constantly looking for new things to learn. I want to find a team who can help me hone my current skills, pick up some new ones, and make me a better developer in all aspects!
